Langloch 23x14

MzM Breite / 2

MzM Breite / 2

MzM Breite

Q.bus with wall mounting take care to transform the pattern of drilling on the wall.
Up to MzM-width 4500mm you need one bracket in the middle.
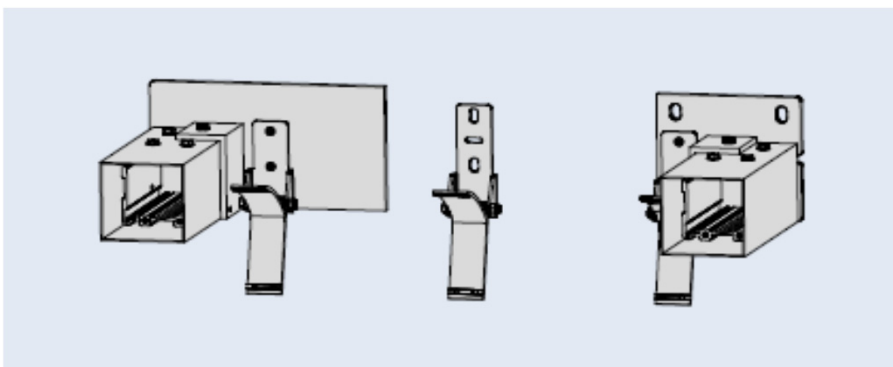

Example with a wall mounting extention plate for corner solutions. The picture showed extention with lft side mounting. Please drill all hole you need by your self on the extention plate.
